Personal Profile:

- Date of Birth: August 12, 1998
- Nationality: Gambian
- Marital Status: Single
- Gender: Male
- Languages: English, French (Basic), Dutch (Basic), Wolof, Mandinka, Jola

I am a highly motivated and detail-oriented professional with experience in software development and skills in various programming languages, including HTML5, CSS3, JavaScript, Python, PHP, Java, C, C# and C++. I am seeking opportunities in the field of technology to continue growing my skills and further develop my expertise in information technology.

Education:

- **Eastern Mediterranean University** | B.S. in Information Technology (2019-2023)
- **Insight Training Institute** | Certificate in Electrical Installation (2018-2019)
- **St. Peter's Senior Secondary School** | West African Senior School Certificate Examination (WASSCE) (2014-2017)
- **St. Peter's Junior Secondary School** | Gambia Basic Education Certificate Examination (GABECE) (2011-2014)

- **St. Peter's Primary School** | Graduate Certificate (2005-2011)

Professional Experience:

- **Gamfront Technology Ltd**, Software Developer (Jan-2024 – Current)
 - Build web applications using Django, Laravel, and .NET frameworks
 - Collaborate with cross-functional teams to develop and implement software solutions
 - Participate in the entire application lifecycle, from concept and design to testing and deployment
 - Write well-designed, efficient, and maintainable code
 - Troubleshoot, debug, and optimize applications for performance and scalability
 - Stay updated with industry trends and integrate new technologies into existing systems
- **Özbul Bilişim Ltd**, Intern (May-2023 – October 2023)
 - Created web, mobile, and desktop applications with a focus on user-centric design and functionality.
 - Developed robust software systems to meet specific project requirements, ensuring scalability and performance.
 - Contributed to the design and implementation of Application Programming Interfaces (APIs) for seamless integration and data exchange.
 - Worked closely with cross-functional teams to gather requirements, analyse user needs, and translate them into effective software solutions.
- **Caretta Robotics Ltd.**, Intern (July 2022-October 2022)
 - Collected data and created a dataset for use in machine learning model training.
 - Identified, cleaned, and labelled data to improve model accuracy.
 - Trained machine learning model using Python and supervised learning techniques.

- **Noah's Ark Hotel, Waiter**(August 2021- September 2023)
 - Presented menus and take beverage orders.
 - Monitored tableware and refill drinks as needed.
 - Cleared tables of used dishes and utensils.
 - Reset tables for the next guests.
 - Refilled in-house refrigerator.
- **Julla Electrical Company, Electrical Technician** (April 2017-July 2019)
 - Installed and wired electrical systems.
 - Tested connections for functionality.
 - Performed repair and maintenance work on electrical systems.
- **Freelance Projects:**
 - Web development: mostly working with HTML, CSS, JavaScript, PHP, WordPress, Laravel and React.js
 - Assisted fellows with programming, web design, web hosting, PowerPoint, UML, and database design assignments.
 - Conducted thorough testing and quality assurance procedures on websites and applications to identify and resolve bugs and inconsistencies.
 - Contributed to the design and implementation of efficient database structures for improved data management.

Skills:

- Programming and Scripting: HTML5, CSS3, JavaScript, Python, PHP, Java, C, C++
- Microsoft Office: Word, Excel, PowerPoint, Access
- Framework: Laravel, React, React Native, Vue js, Django, Electron.js, DotNet and Android studio.
- Other: WordPress, Figma, MySQL, AWS, Adobe Photoshop, Adobe illustrator, Git, Web hosting, Automation, troubleshooting, hardware and software installation, backups and recovery, operating systems, networks etc.

Extra-Curricular and Social Activities:

- Member, EMU IT Club
- Member, EMU Gambian Student Society
- Deputy Coordinator, Computer Club, Senior School
- School Football Team Member, Junior School.

Hobbies and Interests:

- Socializing with friends and meeting new people.
- Watching documentaries (especially about technology and history).
- Playing football, going to the gym, watching movies.
- Interest in technology, how things are made and how they work, and how to improve them.
